

Purchase Contract/Health Guarantee

Health Guarantee:

Greystone Goldens takes pride in producing healthy dogs with wonderful temperaments for loving homes. Breeder warrants the puppy to be in good health at the time of transfer to purchaser. Breeder requires the purchaser to have a vet examination of the purchaser's choice within 1 week of transfer of puppy at purchaser's expense or this health guarantee will be void.

The Breeder guarantees the dogs health for 5 business days after the delivery of the dog to the Buyer from any communicable diseases. The Breeder guarantees for a period of 1 year this dog to be free from any inherited disease that impairs long life, good health and full function as a pet. If such an inherited defect should occur, and be diagnosed in writing by a qualified veterinary specialist, the Breeder will either replace this dog with a puppy of similar quality upon the return of the dog or refund the purchase price at the breeder's option. Purchaser must inform Breeder within 24 hours of the discovery of any defect. The Breeder is not responsible for any vet bills incurred by the buyer.

This Golden Retriever is NOT intended to be bred or used for breeding at any time. Buyer acknowledges this and agrees to the terms and conditions.
